What the file shows (not Carfax)

Photos: clean cabin, near-new all-seasons, cosmetic rear-driver bumper scuffs ~\$300. 86k km on a 2024 is the economic problem. Story on the packet: very good condition, no smells, AWD, grey, automatic LE. Owners / accidents / title brands from an official Carfax report are NOT recorded. Do not treat this page as a vehicle history report.
